

## Towle To Open DMB Hardware Store

For over 59 years, on the South Shore, the name Towle has been synonymous with quality electrical service and appliance sales. With the opening of DMB Hardware, a division of Towle Electrical Co., Inc., that tradition of quality will be carried into another field.

According to Steve Towle president of TEC, Inc., the hardware division will feature a wide range of tools and hardware accessories, complete plumbing and electrical supplies, small

appliances, glass and screen repair, key making and the fine line of Kyanize paint products. George Burroughs of Randolph will manage the new division.

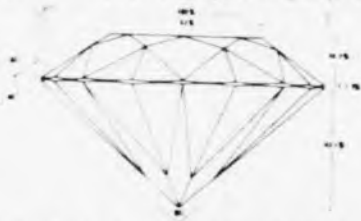

Burroughs, a Vermont native who "grew up in the retail hardware business" also has the experience of over twenty years in the wholesale hardware field. The grand opening of DMB Hardware will be held Saturday, May 5, at the new showroom, adjacent to Towle Electrical, at 166 King Street, Route 3A, Cohasset.

## DISCOVER DeScenza

diamond merchant and jeweler since 1915

**There's more to durability than hardness**

Diamond is the hardest substance known to man. It cannot be scratched and will never wear out, though it may be chipped, and so a diamond should not be worn while gardening, moving furniture or during any rough activities. This extraordinary hardness, some 100x harder than the next known substance, gives the diamond an unsurpassed luster called, "admantine," (Greek meaning extraordinarily hard), which will never change or show wear.
